TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co's Clearwater City Directory for 1924. The publishers have endeavored to produce a volume combining all that is vital in the civic, social and industrial life and activity of the city.

A careful enumeration of the citizens and business interests of the city and a compilation of the result by trained employees assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a city. They portray the community as it actually is and they are the only means whereby its various features can be learned by the general public throughout the country.

The several essential departments of the Directory are set forth in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 29 to 37, includes data concerning state, city and county officials, public and private institutions, banks, cemeteries, churches, clubs, courts, asylums and homes, libraries, schools, postoffice, secret and benevolent societies, etc.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS extends from 39 to 62.

THE ALPHABETICAL LIST OF NAMES commencing at page 63 contains the names of all business firms and corporations, and the inhabitants of the city over a certain age, together with the occupations and address of each individual. Following this will be found directories of Belleair, Dunedin, Largo, Oldsmar, Ozona, Safety Harbor and Sutherland.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 163 to 192, and shows the various manufacturing, mercantile and professional occupations, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory. The Directory is the common intermediary between buyer and seller.

CLEARWATER

"It's Springtime All The Time in Clearwater"

Clearwater is the county seat of Pinellas County, in which are located three other progressive cities of national reputation, St. Petersburg of tourist fame, Belleair of golf fame, and Tarpon Springs, the largest sponge market in the world and the only sponge exchange in the United States; Dunedin, Oldsmar, Pass-a-Grille, Largo, Safety Harbor, Ozona and Sutherland are other progressive cities that are growing rapidly. A network of paved highways connects all of these points.

St. Petersburg is 18 miles south of Clearwater, Tampa 30 miles east and Jacksonville 212 miles north, all connected with Clearwater by improved brick highways.

Two main trunk lines, the Seaboard Air Line and the Atlantic Coast Line, provide through train and pullman accommodations from all points in the north, east and west, without change or other inconveniences. The "Suwanne River Special," on the Seaboard and the "Pinellas Special," on the Atlantic Coast Line, are popular, well-known solid pullman trains operated directly to Clearwater from Chicago, Detroit, Toledo, Cleveland, Columbus, Cincinnati, Pittsburg, Buffalo, Philadelphia, Boston, New York and all intermediate points, without change. From the Icy North to the Land of Sunshine without leaving your car.

The Clearwater Motor Club, an American Automobile Association organization, has a membership of 225, where complete touring information is available. You can be routed over splendid highways to and from the North direct from and to Clearwater. Other thriving clubs and fraternal organizations are the Yacht Club, Tourist Club, Masonic Order, Shrine Club, Chapter, Knights of Pythias, Improved Order of Odd Fellows, Young Women's Christian Association, Boy Scouts, Girl Scouts, Woman's Club, Woman's Christian Temperance Union, Eastern Star, Rebeccas, American Legion, Gun Club, County Club and Realtors' Association. All welcome visiting members.

A modern system of large passenger busses makes its headquarters at Clearwater, operating to and from Tampa, St. Petersburg, Tarpon Springs, Belleair, Lakeland, Orlando and on across the State to all points on the Florida East Coast.

Clearwater is a city of many streets and of considerable space. The reason of this is the fact that nearly all homes are surrounded by spacious grounds or by remnants of orange groves, memories of a past when Florida was not yet invaded by the railroads, or discovered by the Winter Tourist.

It is a most striking contrast that meets your eye when you turn from the business streets of the town to the residential sections. While the former present an **un**-interrupted scene of busy pedestrians crowding the sidewalks and automobiles en masse by the curbs or gliding over the asphalt, the latter are smothered in foliage and flowers. Most impressive are the magnificent, gnarled old oaks covered with Spanish moss and the stately palms with fern-like heads, and on every turn you are confronted with a burst of color, ever changing and wonderful to behold.

Clearwater's beautiful Tourist Park is located on the highest elevation of the Florida coast, overlooking the Gulf of Mexico, and has been truthfully called "The Tourist's Paradise." Almost every form of outdoor recreation is available—roque, lawn bowling, horseshoes, tennis, checkers, chess, etc. Then there are swings and slides for the children and an abundance of shady seats for relaxation and rest. The Community House with spacious porch is unusually attractive and comfortable and most appealing to the ladies. A diversified form of musical entertainment is provided every afternoon and evening by means of a modern radio receiving outfit with a gigantic amplifier. One may sit here in this comfortable spot and hear musical concerts, lectures, market reports and the latest news gathered from the four corners of the county.

In the semi-tropical waters of Clearwater Bay and the Gulf of Mexico are found in abundance not only the wonderfully game silver tarpon, ranging in weight from 50 to 200 pounds, and the equally game kingfish, but the sea bass, weighing from 50 to 600 pounds, the grouper,

sea trout, snapper, channel bass, deep-sea bass, devil-fish and jewfish and the delicately-flavored pompano and Spanish mackerel. Our fresh water streams and lakes of awe-inspiring beauty abound in many varieties of fresh water fish principal among which is the big mouth bass. To fish in the bay and gulf and in the fresh water streams and lakes is a distinct delight to Clearwater's throng of winter visitors. It is not merely a pastime but a thrilling sport in every sense of the word.

Clearwater Beach is second to none in the country, and surf-bathing is enjoyed at this most popular watering place every month in the year. This gracefully curving coastline and gradually sloping beach forms the gulf side of the keys separating Clearwater Bay and the Gulf of Mexico, and it is but a five minutes drive from the heart of the city over a modern traffic bridge. A dip in the salt waters of the gulf is a real tonic—pleasant and healthful. The balmy breezes from the Gulf make life more enjoyable—winter and summer. Considering the geographical location of Florida, it is of interest to note that the average distance of Florida is more than 400 miles south of the southern boundary of California, and that Naples, Italy, in latitude 41 is 640 miles north of the northern boundary of Florida.

Clearwater Bay is a land-locked harbor at the foot of the highest elevation of any Florida coast resort. The City Tourist Park and many imposing homes overlook this beautiful body of water, beyond which, separated by the keys, lies the Gulf of Mexico stretching to the distant horizon.

A view of the bay and gulf may also be had from the business section and from practically every hotel in Clearwater. The main highway leading from Tampa to St. Petersburg is located within sight of these delightfully attractive sea expanses on its way through the heart of Clearwater.

If the sun shines in Florida, it shines in Clearwater and on Clearwater Bay.

Clearwater's seven packing houses ship strawberries, figs, grapes, guavas, kumquats, limes, lemons and all varieties of vegetables. Tomatoes, cucumbers, potatoes, peas, beans, lettuce, corn, sugar beets, cabbage and many other varieties are grown profitably the year round in the fertile soil of Pinellas Co.

Clearwater and Pinellas County have led for years in the production of grapefruit and the finest groves in the land are located just outside the city limits. Seven modern fruit packing houses where the fruit is prepared and packed for shipment, do a thriving business in Clearwater, and there are twenty within motor-truck hauling distance. Over a million boxes of grapefruit and oranges are shipped out of Pinellas County each year, which bring into the country approximately four millions of dollars.

There are three banks and trust companies in Clearwater with a capital of \$235,000, surplus and profits \$150,000 and deposits of \$2,799,000. Two newspapers are published both daily the News and Sun.

CLEARWATER BOARD OF TRADE

The Board of Trade is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

MUNICIPAL PUBLICITY

Advertising Clearwater

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Clearwater, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Llew. Williams, Jr., Cincinnati.
H. A. Manning, Springfield.
J. Martin Gardner, Toronto.
A. B. Boyd, Reading.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
